October 2016

Greetings!

We are excited to share our first-ever catalog with you. In this catalog we bring together everything that is ByAnnie.com and we promote some of our amazing partners.

As with any catalog, on the following pages you'll find information about our newest products. These include seven new patterns for everything from car organization to baby changers and seven stunning colors of lightweight mesh with new matching fold-over elastic. But more than just putting together a catalog, we are trying to do something special.

Therefore, on all the pages for the newest patterns we feature the fabric lines that we used to make our beautiful models. We have done this as a special thank you to all of the amazing designers and fabric companies who have shared their latest works with us. We couldn't produce these eye-catching models without the designers and fabric companies — they inspire and delight us every day!

We hope this catalog inspires you to try these beautiful fabric lines and to sew something new. Remember to check with your local quilt shop for fabrics, patterns, and supplies. Your support keeps them in business and helps us all continue to provide the new and exciting products to you.

We have also included a color card for our ever popular handbag zippers to help you accurately match your fabrics and, best of all, we have even included a [free pattern](#)!

I truly hope you enjoy perusing the catalog, making the free pattern, and finding new ways to mix and match color. Be sure to visit our website for patterns and supplies as well as tutorials and more. We also look forward to seeing you at our future shows and/or classes. Please let us know what you think of our latest creations!

Happy stitching,

Annie
Annie

PS. Please note that we are a PATTERN company. The images shown are models made using our patterns; the finished bags are NOT for sale. We're happy to provide you with the patterns and supplies needed to make any of the items pictured, but YOU get the fun of making it! If you need help, be sure to check out our online videos and classes.

THANK YOU!

Now on a more personal note, I must say that producing seven new patterns along with our first catalog has definitely been an undertaking — and a real group effort, too. Extra-special thanks go to the following people:

- My precious grandson Liam for inspiration for many of the new patterns. You are my sunshine!
- Linda and Joyce for your expert quilting services. Your beautiful work makes everything so special and definitely makes my job easier.
- Cheryl, Kait, Gloria, Diana, Jinny, Alicia, and Jan for help sewing models and proofing patterns. Thanks for catching my errors and making me look good.
- Casey and Kendal for photography and photo editing, layout and design, and most of all for your patience when you needed images and we were still sewing!
- Lindsie for graphic design and amazing illustrations. You've truly taken my patterns to the next level. Thank you!
- Leslie for technical editing and proofing. Your eagle eyes and ability to sew a project in your head while thinking of all the little details are much appreciated!
- Kathy and Marv at Alphagraphics for your expert help and for always making us feel like we are your only customer.
- Last, to all of our amazing customers. I am so privileged to work for all of you and to be able to make my love of sewing my job. Thank you.

Fold-over Elastic

NEW!

Fold-over Elastic 2yd

Fold-over elastic provides a decorative finish to apparel and crafts.

We especially love using fold-over elastic for finishing the edges of mesh fabric for pockets in purses and bags.

Perfect for finishing a neckline or wristbands on a special outfit, fold-over elastic also beautifully finishes the edges of diapers or diaper covers to securely fit baby.

HARDWARE

The best way to functionally embellish!

Antique Brass

Black

Nickel

Available in three styles (antique brass, black plastic, and nickel) and three sizes (1/2", 1", and 1 1/2"). Our black plastic items are the most affordable and are robust enough for use on outdoor gear. Our antique brass and nickel finished metal hardware pieces are forged to provide extra-smooth edges and a highly finished look.

Stiletto Pressing Tool

Your sewing companion
In Annie's opinion, ByAnnie's Stiletto Pressing Tool is every bit as important as a rotary cutter. This precision placement tool features a sand-ground point for added grip, a perfectly angled pressing end, and non-rolling design to keep it from falling off your table. Annie says, "I wouldn't want to sew without it!"

Stiletto Pressing Tool SUP207 - \$19.95

Premium Clear Vinyl

High quality clear vinyl
Our Premium Clear Vinyl is a double-polished 16-gauge clear vinyl which gives you great transparency and durability. Use it for see-through pockets, furniture coverings or bag linings. A light paper lining makes it easier to see when cutting and reduces static when sewing. Use a Teflon foot for best results.

Available in two sizes

A Pencil Case For Lola

(2"W x 2"H x 8"L)

We hope that you will enjoy making this handy little case for someone special in your life. Little ones will love it for carrying their pencils, markers, and other treasures. Quilters will appreciate its usefulness for carrying rotary cutters, chalk markers, scissors, and more.

Thanks to my sweet daughter-in-law Gloria for designing this project and to her cutie-pie niece Lola for inspiring it. Thanks, too, for Casey for photographing the tutorial. It is such a pleasure to have Casey and Gloria as part of the ByAnnie.com team!

Be sure to share pictures of your creations on our facebook page and tell us how you are using A Pencil Case for Lola.

- Coordination fabric (lining of case, zipper pull).....9" x 12"
- Contrasting fabric (handle, border, bindings).....9" x 12"
- ByAnnie's Soft and Stable®9" x 12"
- Handbag zipperOne 14" or longer

Cutting Instructions

From the main fabric cut:

- Body of case.....9" x 12"

From the lining fabric cut:

- Lining of case9" x 12"

From ByAnnie's Soft and Stable® cut:

- Stabilizer for case.....9" x 12"

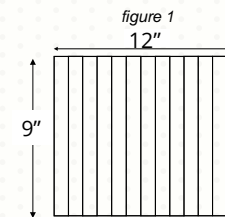

From the contrasting fabric cut:

- Border.....2¼" x 11"
- Handle3" x 6½"
- Bindings.....two 2" x 5"
- Zipper pull.....1" x 12"

NOTE: Use accurate ¼" seams unless directed otherwise.

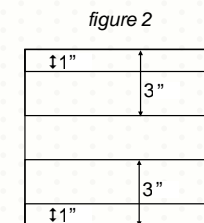

A. Cut project pieces. Quilt the fabric and trim to size.

1. Following the Cutting Instructions, cut out pieces for the project.
2. Sandwich the three 9" x 12" pieces (lining face down, ByAnnie's Soft and Stable® or batting, main fabric face up). Pin through the layers every 6" to 8" to hold together.
3. Quilt the layers together. Tip: Quilt vertical lines ¾" to 1" apart (figure 1).
4. Trim the quilted piece to 8" x 11". Stitch ⅛" from edge around entire piece to seal edges.

B. Mark and sew fold lines.

1. Mark horizontal lines from side to side 1" down from the top and 1" up from the bottom (figure 2).
2. Mark horizontal lines from side to side 3" down from the top and 3" up from the bottom (figure 2).
3. Sew along each of the marked lines. The finished case will fold more easily along these stitched lines, adding definition to its shape.

C. Assemble the case

1. Attach the border to the case.

- a. Mark a horizontal line from side to side 1¾" down from the top.
- b. With right sides out, fold the 2¼" x 11" border strip in half lengthwise to 1½" x 11"; pin every 3" to 4" along raw edges to hold together.
- c. With the fold of the fabric toward the top of the case, align the raw edge of the border strip along the line marked 1¾" down from the top. Sew across long raw edge, stitching ¼" from raw edges.
- d. Press the seam to set, fold the border over; press. Stitching ⅛" from the edge, sew the border to the case. Begin stitching on right side, continue by stitching across bottom, and up left side. Finish by stitching across the top, sewing ⅛" from the seam line.

2. Attach the zipper to the case.

- a. With right sides together, position the closed 14" (or longer) handbag zipper on the top edge of the case with the zipper pull to the left side and the zipper tape extending beyond the case on each end.
- b. Using a zipper foot, attach the zipper to the case, sewing ¼" from the edge.
- c. Turn the zipper tape to the inside of the case and finger press to flatten. Sew along the very edge of the zipper tape. This will close off the raw edges and produce a nice ¼" topstitching on the outside of the case.

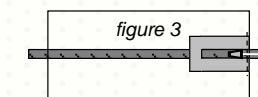

d. In the same manner, match the other side of the zipper to the other edge of the case and stitch together, being careful to align the sides of the case so that the sides of the case are even on top and bottom.

e. Open the zipper, fold the zipper tape flat against the inside of the case and stitch down, closing off the raw edges. Leave case turned right side out for next step.

3. Make and attach the handle.

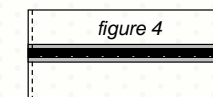

a. With right sides out, fold the 3" x 6½" piece of fabric in half lengthwise to 1½" x 6½"; press to mark the center. Bring the raw edges in to the center fold; press. Fold in half again to make a piece ¾" x 6½". Sew along each side about ⅛" from edge.

b. Being careful to sew through only the top layer of the case, position the ends of the handle with their raw edges even with the raw edges of the case and their inner long edges along the inside edge of the quilted fabric at each side of the top (open) end of the zipper. Stitch in place (figure 3).

4. Sew side seams and bind raw edges.

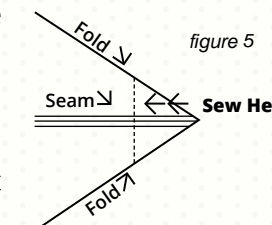

a. With right sides together, fold case so that zipper is aligned in center of the front. Clip/pin each side together, aligning raw edges on each side. Move zipper pull to inside and sew sides together. Trim ends of zipper even with sides of case (figure 4).

b. With right sides out, fold each 2" x 5" strip of binding in half, turning raw edges to inside ½" at top and bottom, making two 1" x 4" strips. On zipper side of seams, align raw edges of binding with raw edge of sides of case and sew across. Turn binding to other side of case, enclosing raw edges of seam; stitch along folded edge of binding.

5. Make a boxed bottom and bind edges.

a. Fold each corner to form a triangle, with the bound side seam running down the center. Sew a straight line across the triangle about 1" from the tip (figure 5). Repeat on the each corner. Turn the case right side out and push out all the corners.

6. Make and attach a zipper pull.

a. Fold the 1" x 12" piece of fabric in quarters to make a piece about ¼" x 12". (A ½" bias tape maker makes this easy.) Sew along the edge to secure, trim one end to a point and pull it through the hole in the zipper pull. Bring the ends together and tie in a knot close to the zipper. Trim any excess fabric.
